DEFROSTER SWITCH ASSEMBLY

- 1) Remove center terminal with hammer and punch
- 2) Locate brass spring clip, contact fork and fork slide bar
- 3) Assemble as shown in illustrations
- 4) Fit assembly into switch by hand
- 5) Push home with finish nail remover (available at any hardware store) resting on shoulder portion of center terminal
- 6) Install switch cover in "ON" position to lock in place. NOTE: When cover is removed in "ON" position internal parts should remain in place.
